'EU RESIDENTS NOT A BARGAINING CHIP'

"DO not use Basingstoke's 5,000 EU residents as bargaining chips in political negotiations."

This is the message from the town's Labour councillors today, as they prepare to table a motion calling for a guarantee pledging EU residents' right to stay in the UK.

The motion is to be brought to a full meeting of Basingstoke and Deane Borough Council tonight.

By **Katrina Ormiston**

It will call on leader Clive Sanders to write to new Prime Minister Theresa May expressing full council's opinion that EU citizens living in the UK and British citizens living in the EU can stay.

It is being proposed by Michael Westbrook, ward councillor for Brookvale and Kings Furlong, after the majority

of UK residents voted to leave the EU in a historic referendum on June 23.

Cllr Westbrook, who lives off Churchill Way, said: "A lot of my neighbours are from the EU and have bought their homes here. They are friends and colleagues and part of the community."

"I can't imagine how they must have felt waking up on June 24 and not

knowing what effect this is going to have on them; thinking 'is my job safe? My business? Can my children go to the same school?'

"They need reassurance, rather than having to put their lives on hold."

Figures from the UK Census in 2011 show 5,489 EU residents live in Basingstoke and Deane - 3.3 per cent of its 167,799 population.

Fire crew training to go ahead at old base

AN EMPTY former Ministry of Defence site, near Alton, is to become a training ground for firefighters on a scale described as 'never before possible' by fire service bosses.

The 4,410-acre site in Bordon - the size of more than 2,000 football pitches - is due to be redeveloped for housing.

But a deal struck between developers and Hampshire Fire and Rescue Service (HFRS) means crews can use Prince Philip Barracks to practise fire-fighting for five years.

The fire crews will be able to test their mettle fighting real blazes, running through disaster scenarios and rescue operations and testing pioneering procedures and techniques.

HFRS Academy Station Manager Tim Pringle said: "I walk

By **Katriona Ormiston**

around this site and words fail me. The uniqueness of it - it is a mini-town.

"Usually you have constraints on what scenarios you can run and how you can run them. Here you just walk around and see endless possibilities.

"I have a big smile on my face - it is every fire service trainer's dream."

The site comprises of 95 buildings which are due to be demolished over the next two decades to make way for the homes.

The fire service has leased a base on the site and will be able to use it for training exercises before the building are knocked down as the redevelopment progresses.

The firefighters will be able to

test ultra-high pressure lances that can pierce walls of brick, metal and wood using a mix of water and cutting agent.

Tactical ventilation techniques will also be trialled.

Assistant Chief Officer Andy Bowers said: "For us, this is utopia, a site that contains virtually every conceivable building and training venue that will allow us to test our personnel, tactics and equipment.

"What is practised and learnt on this site will save lives."

He added: "This site will give us the chance to train in a way that was never before possible.

"It will be absolutely invaluable in allowing us to hold the most realistic training scenarios and test out ground-breaking techniques."

The site is being developed by

Whitehill and Bordon Regeneration Company, a joint venture between developers Dorchester Regeneration and Taylor Wimpey.

Outline planning permission was granted by councillors on East Hampshire District Council last year for 2,400 homes, a town centre, a secondary school and a health centre among other facilities.

A Whitehill and Bordon Regeneration Company spokesman said: "We are delighted Hampshire Fire and Rescue Service has chosen Prince Philip Barracks as the location for training staff in the vital skills they need to serve our local community.

"Whilst the long-term regeneration of Whitehill and Bordon takes place, it is important that the site is put to good use."

Fun in the parks

BASINGSTOKE AND DEANE: Activities including pond dipping, boat making, bug hunting, tai chi tasters and tennis sessions are being hosted in Basingstoke parks.

Families can take part in the free activities running from Saturday, July 23, until Friday, August 5, to coincide with 'Love Parks Week' next week.

They will be held in War Memorial Park, Eastrop Park, Glebe Gardens and Stratton Park.

Pop-up play sessions will also be run in Rooksdown, Brighton Hill, Beggarwood and Eastrop Park, when children will get the chance to design their own insect.

Mill Field in Old Basing will also be hosting a Bioblitz event on Sunday, July 31, which will include animal displays and safaris.

For more details, go to basingstoke.gov.uk/loveparks.

Drone problems

HAMPSHIRE: The number of incidents involving drones reported to police has soared across Hampshire within the last two years.

In 2015, there were 46 drone-related incidents reported to Hampshire Constabulary, compared to 71 during the first half of this year.

Most were sightings of drones flown in residential areas.

But one incident involved a drone being flown up to the window of a neighbour's property as part of a dispute.

AWE jobs secured as Trident goes through

THE future of thousands of jobs at the Atomic Weapons Establishment (AWE) in Aldermaston and Burghfield has been secured following Parliament's vote to renew the controversial Trident nuclear deterrent.

MPs voted 472 to 117 on Monday night to approve spending an estimated £31bn over the next 35 years on building four replacement submarines to hold the UK's nuclear weapons.

AWE designs, manufactures and maintains the warheads for Trident, with around 4,000 people employed at Aldermaston and Burghfield, many of whom from the north Hampshire area.

Basingstoke MP Maria Miller, who voted in favour of Trident on Monday, said: "There is nothing more important than the security of our country."

"That is why I voted to support the renewal of Trident."

A short statement from AWE said: "AWE has supported the UK nuclear deterrence programme for more than 60 years, delivering to the UK Government and providing solutions to national nuclear security."

However there was also a lot of

By Adam Flinn

opposition to Trident, with critics saying the cost of renewal was too great and that the UK had no need of nuclear weapons.

Campaign group Trident Ploughshares, who staged a month of protests outside AWE Aldermaston in June against Trident, protested in the lobby of Parliament during Monday's debate. They superglued their hands together and sang anti-Trident songs, while holding banners calling for it to be scrapped.

Angie Zelter of the group said: "This is not being done in our name, is not in the public interest and is not for our security."

"Nuclear weapons are illegal, immoral and shameful."

Keith Taylor, Green MEP for South East England said Britain missed a "golden opportunity" to step towards disarmament.

He added: "After all, these offensively expensive nukes are useless - we literally can't use them. Authorising use of nuclear weapons would be illegal."

The news came after a report placed AWE in special measures for a fourth year, see page 13

Drugs arrests

BASINGSTOKE: Two teenagers from London have been arrested after a drugs bust in Basingstoke on Monday.

Police raided a house in Queen Mary Avenue, South View, and arrested a 16-year-old boy on suspicion of possession with intent to supply a Class A drug.

A 19-year-old man was arrested on suspicion of being concerned in the supply of Class A drugs.

Both have been bailed until October 10.

The warrant was executed as part of Operation Fortress, a Hampshire Constabulary crackdown on drug offences.

Work underway

CHINEHAM: Building work has started on a £6million project to transform the building at the entrance to Chineham Park.

The existing 1980s two-storey office block, Chineham Gate, will be transformed into a striking open plan glass fronted building with 49,255 sq ft of office space.

Work is expected to be finished by December.

Labour councillors want guarantees for EU residents

• From front page

Prime Minister Theresa May has not guaranteed EU residents living in the UK will be granted indefinite leave.

Speaking on ITV's Peston on Sunday show before she became Prime Minister, she said: "We are still a member of the EU - there is no change in their position currently."

"But of course as part of the negotiation we will need to look at this question of people who are here in the UK from the EU."

She added: "I want to ensure that

we are able to not just guarantee the positions of those people but guarantee the positions of British citizens in other member states."

Cllr Westbrook argued 'they should not be used as a bargaining chip'.

Paul Harvey, Basingstoke's Labour leader, is seconding the motion.

He said worried community leaders had written to councillors over the past few weeks with concerns about their future in the UK.

Cllr Harvey added: "We want to be absolutely clear on where we stand;

they should be allowed to stay. They are part of the community and contribute to the life of Basingstoke."

"We cannot leave them in limbo or use them as a negotiating tool - these are peoples' lives we are talking about, they're not pawns."

He also said the same should be guaranteed for Basingstoke and Deane residents living abroad in the EU.

The meeting starts at 6.30pm tonight, July 21, in the council chamber of the council's London Road base.

Meeting aims to resolve a waste battle

AN URGENT meeting has been called to resolve a waste dispute before Basingstoke and Deane residents are blocked from taking their rubbish to recycling centres in West Berkshire.

Basingstoke and Deane Borough Council has arranged the meeting with Hampshire County Council and West Berkshire Council for the end of this month to stop what it called the 'cross-border waste war'.

Basingstoke and Deane residents could soon be banned from taking their waste to Newbury's Newtown or Padworth recycling centres.

The ban and a permit system was approved by councillors earlier this month because Hampshire County Council revoked £200,000 in funding to West Berkshire Council that helped pay for the facilities.

It could mean residents living near the border face a 50-mile drive across the borough to the Wade Road facility in Basingstoke instead of using one nearby, but across the county boundary.

The borough council's cabinet member for the environment, Hayley Eachus, said: "We must concentrate on working together to make things easier for residents rather than focusing on bureaucratic local government borders."

Fatal crash driver given prison term

THE family of a grandad killed in a head-on collision caused when a man drove round a corner on the wrong side of the road said it feels like a nightmare from which they have not woken up.

The children of 71-year-old Raymond Malyon, of Bradley, near Basingstoke, were speaking after Tiberiu Miclea was jailed for 16 months at Winchester Crown Court.

Miclea, 42, of Cornwall Road, Bordon, pleaded guilty to causing death by dangerous driving.

Mr Malyon's family said: "It is with much sadness we heard about this sentence. It has brought everything back afresh and our pain continues.

"We are still very much in shock and reeling from the impact of this dreadful and awful experience, the result of which has taken away a dearly-loved husband, father, grandfather, brother, colleague and friend.

"This still all feels very unreal, like a nightmare we haven't yet woken from. Dad should be enjoying his life with his family.

"He and mum should be planning their next holiday, along with the annual family summer

By **Katriona Ormiston**

party and a special birthday."

Miclea rounded a bend in a blue Honda Civic heading towards Alton on the A339 at Lasham and collided with Mr Malyon and his wife travelling in the oppo-

site direction on February 12 at 7.30pm.

All three were taken to hospital where Mr Malyon died two days later. His wife and Miclea were treated for serious injuries.

Mr Malyon had spent the day with two of his grandchildren

building Lego, drawing superheroes and taking them swimming.

His family added: "He should be here helping look after his grandchildren and watching them grow.

"We all should be having many more occasions filled with love and laughter and instead there is just a big gap in our lives, which hurts all the time.

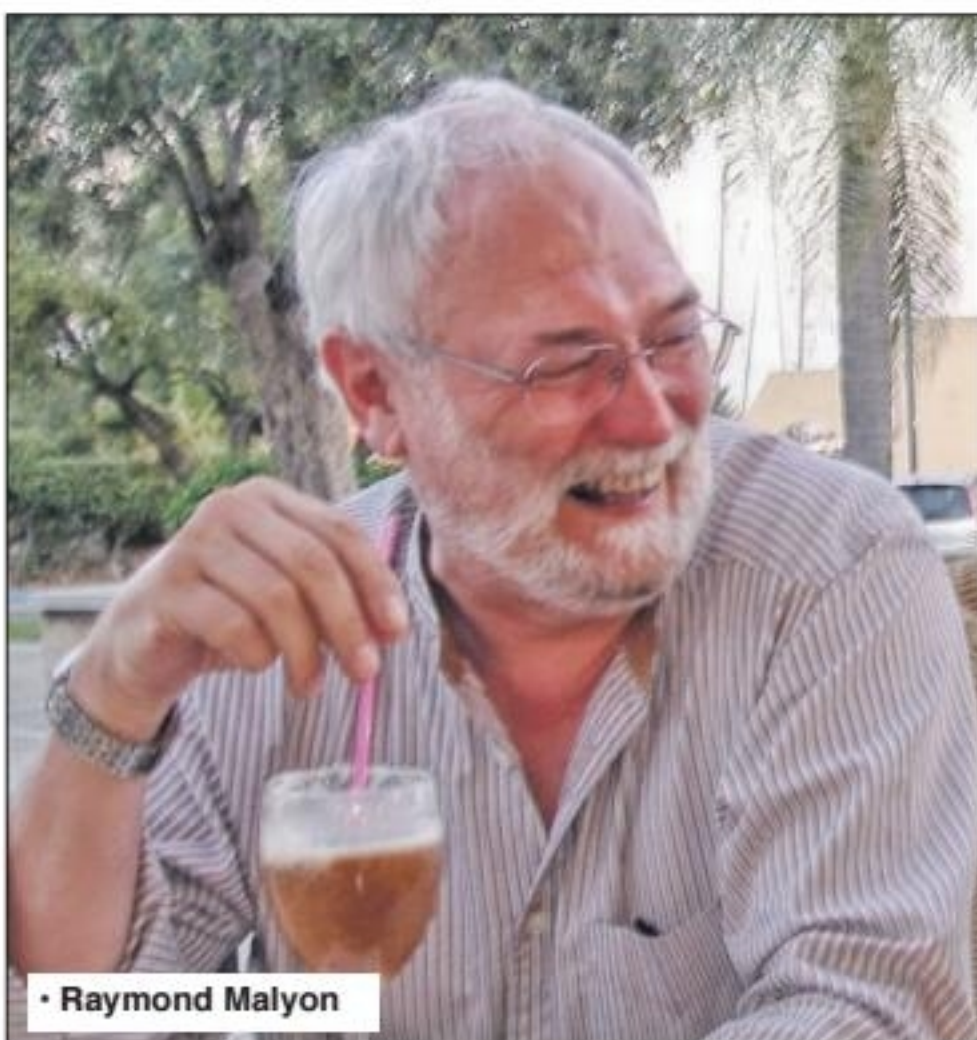

"The sentencing doesn't bring dad back and it doesn't result in any less pain for us all. The other driver has to live the rest of his life with the consequences of his actions, as do we."

Mr Malyon had been an engineer throughout his working life and enjoyed music, travelling and food, with a particular love for anything Spanish.

At court last Tuesday, July 12, Miclea was also disqualified from driving for two years and eight months.

Sergeant Adrienne Jerram said: "This was a tragic loss of life which could have easily been avoided if Miclea had been taking more care on the road.

"Due to his carelessness, a family has been left devastated by the unnecessary loss of a loved one."

Report backed

BASINGSTOKE AND DEANE: Basingstoke MP Maria Miller has backed a report which sets out 10 recommendations to improve the quality of new-build housing.

She helped launch the study which includes a call for building control inspectors' reports to be given to buyers.

Mrs Miller said: "Making the building inspector's report available to people who are buying a new home is an important way of improving transparency, and so drive up quality, and I welcome the fact that, in response to my call for change, the minister has already indicated that he will act."

The report was published by an All Party Parliamentary Group for Excellence in the Built Environment on Wednesday last week.

Shop awards

BASINGSTOKE: Festival Place is launching retailer awards for the first time for residents to pick their favourite shops.

Voting for Festival Place Retailer Gold Awards opens on September 4 and will close on October 2. Shoppers will be able to vote in 12 categories online and in the centre.

Gift cards will be handed to the winners when results are announced two weeks later.

Fun day aims to thank cancer charity for care

A TEENAGER from Popley is hosting a fun day to raise money for a child cancer charity supporting her brother in his battle with leukaemia.

Chloe Green's fingers are crossed that Domenic Whittaker, 19, will be able to check out of his ward at Southampton General Hospital for the day to join the fundraiser in aid of CLIC Sargent.

By **Katriona Ormiston**

It is to be held at Popley Fields from 11am until 4pm on Sunday, August 7, alongside a fun fair.

Domenic, who also lives in Popley, was diagnosed with cancer in January and is undergoing chemotherapy treatment.

Chloe, also 19, said: "Occasionally he is allowed home and CLIC Sargent have been helping by doing things like replacing old tiles with carpet so it is not too cold for him."

"It is so much nicer for him to have somewhere so that when he comes out of hospital he can just be, and not have to worry about too much."

Chloe, who works at Tesco, has been organising activities including a tombola, a beat-the-goalie com-

petition, a raffle, and stalls to be set up on the day.

She and Domenic are step-siblings, and also have four other brothers and one sister.

Chloe added: "What he's like depends on what day you catch him on. Sometimes he's one of the funniest, loveliest people you will ever meet."

"The treatment is taking a bit of a toll, but he's in strong spirit and he knows he has to fight."

Last year, CLIC Sargent supported 22 children and young people diagnosed with cancer from Basingstoke.

Liz Blunt, fundraising manager for Hampshire and Berkshire at CLIC Sargent, said: "Considering Chloe is just 19, I am really impressed with her organisational skills to organise this fun day. I am looking forward to coming along."

"All funds raised will make such a difference in supporting children and young people with cancer."

Chloe, who attended Brighton Hill Community School, is also calling on anyone who wants to volunteer or run a stall to get in touch by email at chloelouisegreen12@gmail.com.

Renovation projects gain boost

PLANS to renovate a community centre in Basingstoke and village hall in Baughurst have been given cash boosts.

Work to refurbish Hatch Warren Community Centre is due to finish next month.

The project, which will see toilets revamped and improvements to disabled facilities and energy efficiency, was handed £20,000 in funding by Hampshire County Council last week.

The grant is on top of Hatch Warren Community Association's £16,500 in funding.

About 9,000 residents use the centre in Long Cross Lane, which is also a rest centre during emergencies.

Another £25,000 was granted for Heath End Village Hall in Baughurst to expand.

Work to expand the hall and build extra toilets is due to start next month and is expected to be completed by April next year.

It will mean more community groups will be able to use the centre in Heath End Road and enable a pre-school based there to expand.

The hall is also adding £12,000 of its own funds and secured £14,000 from Basingstoke and Deane Borough Council.

In total £240,000 was handed out to 21 community organisations and village halls across the county.

Fun with music

BASINGSTOKE AND DEANE:

Children from Maple Ridge School in Basingstoke got to play conductor for musicians of the The Brodowski Quartet.

The classical string instrumentalists took their fun and interactive concert Vivaldi's Four Seasons Unwrapped to six Basingstoke schools last week as well as schools in Tadley and Alton.

Maple Ridge deputy head-teacher, Helen Franks, said: "The children were thoroughly engaged and focused on the performance."

Service's award

HAMPSHIRE: Hampshire Fire and Rescue Service's communications team was last week named as one of the best in the public sector.

It won the UK Public Sector Communications Award for being the 'Large In-house Communications Team of the Year' at a ceremony at Arsenal's Emirates Stadium.

Homes swap

BASINGSTOKE AND DEANE:

Thirty-one households across Basingstoke and Deane have new landlords following a major stock exchange by two housing associations.

Sovereign Housing has transferred 721 homes in Fareham, Havant, Portsmouth and Southampton to The Hyde Group in exchange for 719 properties across Hart, Test Valley, East Hampshire and Basingstoke and Deane.

The deal aims to allow both organisations to concentrate on investing in areas where they already have a significant number of homes and could mean residents benefit from a more local service.

£8.7m homes scheme sparks junction update

THE junction to Basingstoke hospital is to be overhauled to allow traffic to flow more easily after £8.7million plans to build 90 homes on land opposite its entrance were approved.

Developers Bovis Homes were granted planning permission to build the 62 houses and 28 flats on the Aldermaston Road Triangle in Rooksdown last Wednesday.

The plans for the land between Priestley Road and the A340 were approved by Basingstoke and Deane Borough Council's development control committee.

Committee chairman Paul

By **Katriona Ormiston**

Miller said: "Everybody was well satisfied that it is providing essential housing and affordable housing for Basingstoke."

To accommodate extra traffic, Priestley Road will be rerouted so vehicles are automatically taken right towards Basingstoke and North Hampshire Hospital, rather than waiting for a break in traffic to turn right.

Instead, traffic coming from the other end of Priestley Road, where the Royal Mail and Health and Safety Executive's Basingstoke officers are based, will have to give way to turn right.

• Plans for 90 homes near Basingstoke hospital were approved

Plans for housing on the land were first raised about seven years ago, earmarking it for about 300 flats.

The scheme was later reduced to 14 one-bed and 14 two-bed flats, as well as six two-bed, 32 three-bed and 24 four-bed houses, with 184 car parking spaces.

Green open space is also included in the centre of the development.

Cllr Miller added: "There were various questions to officers during the debate. We were concerned about access and clarification was necessary about the right of way."

"It allows emergency vehicles to go up to A&E without having to wait."

In a report published a week before the meeting, council officers had recommended the plans be approved.

It said: "The site has also been historically identified for development with the current proposal creating a more acceptable form of development than previously identified for the site. These factors weigh significantly in favour in the consideration of the application."

Students face AWE challenges

• Students taking part in one of the challenges at AWE Aldermaston

STUDENTS from a Basingstoke college looking into a career in science, technology, engineering and maths (STEM) have been taking on challenges at events supported by AWE Aldermaston.

The A-level students from Queen Mary's College were among those who took part.

Three different events featured tasks including solving puzzles to decrypt the combination for a locked briefcase and programming a robot to navigate its way through an obstacle course.

Some also practised forensic

science techniques to gather fingerprints and constructed a simple projectile device using magnets and ball bearings.

Philippa Kent, who leads AWE's schools' programme, said: "Each challenge was designed to promote interest in STEM careers."

Sophie Arbon, of West Berkshire Education Business Partnership, said: "They help support business skills development and give students a chance to meet science and technology professionals and understand what career options are out there."

SQUIRRELS: QUALITY AND FREE ADVICE

SQUIRRELS OWNER
ALAN STONE: "OUR shop is the only one within a five-mile radius of Basingstoke selling antique and collectables. We have a wide range of vintage and second-hand diamond and other jewellery.

"We've been here nearly 34 years, and are one of the longest established shops left in the town centre.

"We also import and export antiques worldwide. "We offer free advice.

We also do probate work for local solicitors, mostly free, as well as a lot of valuation work for social services and charities.

"I personally specialise in antique silverware and jewellery.

"We have a very wide working knowledge and always happy to give advice. Why not pop in and see one of Basingstoke's most unique treasures.

Summer fair

BASINGSTOKE AND DEANE: A summer fair is being held this Saturday by the Basingstoke and district branch of the Cats Protection charity in memory of a member of staff who died suddenly in 2012.

It is hosting The Linda Burgess Memorial Fair from 2pm until 4pm at Viabes Community Centre in Harrow Way.

It will include gift and food stalls, as well as a raffle. Entry is 50p, or a donation of cat food.

Sixth lowest

HAMPSHIRE: Boys and girls starting school in Hampshire have one of the smallest gender gaps in the country in terms of communication skills, a new report has revealed.

It shows Hampshire has the sixth lowest gender gap for the percentage of girls and boys not meeting the standards of basic language and communication skills when they start school – at 8.3 per cent.

The report by Save the Children reveals Richmond has the smallest gap at 5.4 per cent, while St Helens in Merseyside has the biggest education gender gap at 17.3 per cent.

The report highlights that more than 80,000 boys in England started reception class struggling to speak a full sentence or follow simple instructions.

Cables discovery set to delay road scheme

HIGH-VOLTAGE cables found underground in the wrong place have delayed roadworks at a major Basingstoke junction for at least six months.

The building work to improve the A33/A339 Ringway roundabout will be put on hold at the end of July while the scheme is redesigned, Hampshire County Council (HCC) confirmed on Monday.

Workers found that the cables had been inaccurately mapped in information from a utility company.

While the new designs are drawn up, construction work has stopped for the junction to be opened up as much as possible.

The revamp, which includes building an extra lane on the A33 southbound approach and on part of the roundabout itself, had started in January and was initially due to be completed in the spring.

The majority of the work has been completed but the remainder will have to be postponed until next year.

HCC's executive member for transport, Rob Humby, said: "A high-voltage, oil-cooled electricity cable was not in the position indicated on utility company's maps.

By **Katriona Ormiston**

"Given the geology there, this means that hand excavation is required around the cable so that measures can be taken to protect it."

HCC halted the scheme because the extra work was not included in the original tender.

If they continued with the unplanned work with existing contractor Dyer & Butler, Cllr Humby said there would be "significant extra costs".

When the amended plans are finalised, the council will re-tender, choose a new contractor, and restart the work early next year.

Cllr Humby added: "I apologise for the delay, but hope people will understand that carrying out the final works in a planned way at a time scheduled to minimise disruption to both businesses and residents is the right decision."

The project was running alongside already completed works to the A33 Popley Way junction, both costing £1.95million.

A third scheme of £3.34million improvements to Aldermaston Road will be fully open to traffic from next week.

Bowling complex revamped

A £300,000 revamp of Basingstoke's bowling complex was unveiled at a launch night hosted by a double of the Hollywood

1950s icon Marilyn Monroe. The redevelopment marked a makeover of Basingstoke Leisure Park's Bowlplex into a Hollywood Bowl, complete with a new American-style diner.

Residents and staff joined entertainers last Thursday to celebrate the complex's renovation.

General manager of Basingstoke's Hollywood Bowl,

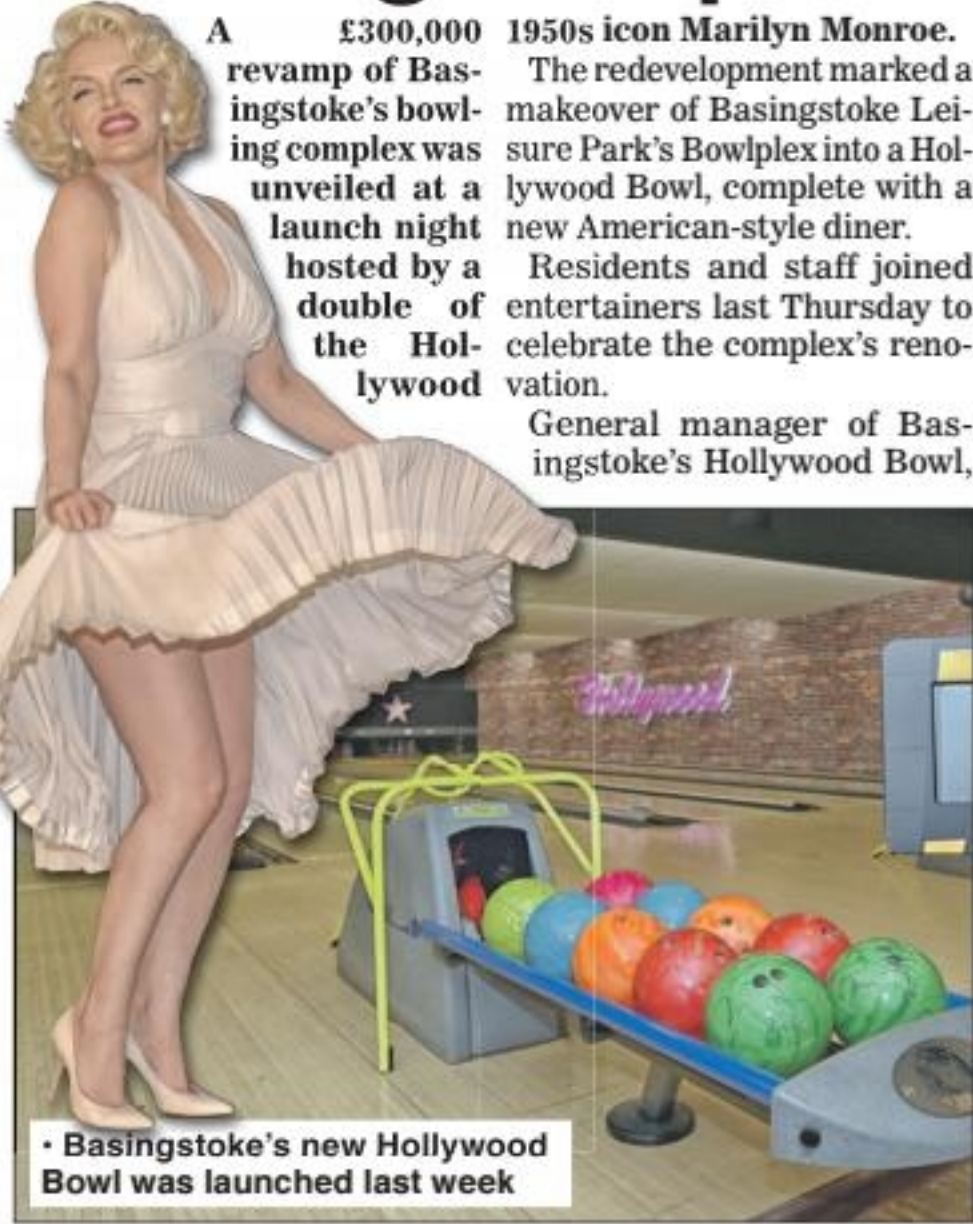

Shalene Stephens, said: "We're incredibly excited about the transformation that has taken place in our centre and can't wait to bring the full Hollywood Bowl experience to both new and existing customers."

"The people of Basingstoke deserve to have a fantastic bowling centre on their doorstep and we're looking forward to exceeding their expectations with top-class amenities and customer service."

The renovation, which began on June 6, was completed in stages so the complex did not have to be completely closed at any time.

The redesign includes a new Hollywood Diner serving burgers, hotdogs and freshly-made shakes served in milk bottles, sitting alongside an American style bar.

The 26 bowling lanes have also been given a facelift, two pool tables have been installed, and the arcade equipped with new games such as Jurassic Park and MotoGP bikes.

Safety fears under the spotlight again at AWE

THE Atomic Weapons Establishment (AWE) has been placed in special measures for a fourth consecutive year.

The Office for Nuclear Regulation (ONR) confirmed in its annual report that AWE's sites in Aldermaston and Burghfield again required "enhanced attention".

AWE was criticised for delays in improving safety, its reliance on ageing production facilities, and postponements to new building projects.

AWE, which was first placed in special measures by the ONR in 2013, was slammed by David Cullen, of the Nuclear Information Service.

He said: "The fact that Alder-

By Adam Flinn

maston has been under special measures for twice as long as originally intended shows that the company running AWE are simply not up to the job of running the site to meet the standards the regulator and the public expect.

"Plenty of money is being spent at AWE, but instead of being spent to improve safety, this money is being spent on developing more powerful weapons of mass destruction.

"The company has been given years to improve safety standards but has failed miserably in doing so."

AWE is responsible for the design and manufacture of warheads for the UK's nuclear deterrent programme Trident.

In June, demonstrations were staged by campaigners who want to see it ended.

Parliament voted on Monday to renew the Trident programme after a lengthy debate.

In response to the ONR report published on July 7, AWE's head of environment, safety and health, Paul Rees, said: "The report recognises that, while it continues to rely on ageing facilities, AWE is undertaking periodic reviews of safety.

"The ONR has acknowledged that work to address legacy issues at one of our ageing manufacturing facilities is now 'well advanced' and will improve the safety of this facility.

"Activities carried out in this facility remain subject to close scrutiny and regulation by ONR and cannot be carried out without their permission."

He added: "We aim to continuously improve on all aspects of our operations and processes as well as the quality of safety justifications and the timeliness of their delivery."

Volunteers decorate special school

• Volunteers pitching in at Dove House School Academy

MORE than 50 members of staff from a communications company rolled their sleeves up to renovate the garden of a Basingstoke special needs school.

About 55 colleagues from Level 3 Communications, which has a base in Basingstoke, revamped parts of Dove House School Academy in Sutton Road on Tuesday.

The volunteers worked on the garden painting fences and decorated some of the walls of the school, where many of the

11- to 16-year-olds have autistic spectrum conditions.

They took time out from a three-day leadership forum at Danesfield House Hotel in Medmenham to help the school.

Level 3 regional president Andrew Crouch said: "We encourage volunteer work among our employees, so they can give something back to the community."

He added: "It is great to be able to visit Dove House School during our regional conference to do this DIY makeover."

BASINGSTOKE: Residents can have their say about how arts and culture will be developed across Basingstoke.

Artists, companies, festival organisers, teachers, students, performers and audience members are invited to an 'open space' session at Proteus Creation Space in Council Road this evening, July 21.

Basingstoke and Deane Borough Council wants feedback on what their cultural strategy for the next five years should look like.

The session will give people a chance to give their input from 5pm until 9.30pm.

Sports initiative

ALTON: Families are being encouraged to try new sports through a equipment hire scheme.

Bags of sports gear including a football, a basketball, a cricket bat, bean bags, a pair of hockey sticks, a frisbee, a rounders bat and a skipping rope, can be borrowed for £5 for three days or £10 for a week from Alton Town Council.

A rainbow parachute, skittles, a rugby ball and a netball can also be hired by contacting the town council and picking up equipment from Anstey Park or Alton Town Hall.

Patient testimonial

I have recently had both my dentures replaced by Dentalia and I would like to thank everyone for making what might have been very traumatic for me, a truly trouble free experience.

I attended several routine fittings and on the last one I was advised to try to keep them in for several hours, to see how they fit but to let them know immediately if there were any discomfort, but in any case not to leave it too long before I returned to explain any soreness or fitting issues.

That was about 6 months ago and I have never returned or contacted Dentalia since.

I have never needed to, in fact the only reason I did once feel I should contact them was to apologise for not contacting them at all since my final fitting.

I am now writing to thank Dentalia and in particular David for all the excellent work they did for me and the fantastic customer service throughout, well done.

Sudoku

The objective is to fill a 9×9 grid with digits so that each column, each row, and each of the nine 3×3 sub-grids that compose the grid (also called "boxes", "blocks", "regions", or "sub-squares") contains all of the digits from 1 to 9. The puzzle setter provides a partially completed grid, which for a well-posed puzzle has a unique solution.

Midlands Railways & Canals

09/09/16

4 Days: £289

Includes Black Country Museum,
 Severn Valley Railway & Canal Trip!

It is no surprise that there were a greater concentration of canals and railways in regions such as the Midlands because they served local industry before road transport took over. There is now a fascinating legacy left for leisure groups and this tour offers nice scenery, lots of nostalgia and of course the transport rides!

For this 4 day tour we will be staying at the comfortable and modern Hallmark Hotel Birmingham based in Strathallan.

Norfolk Coast & Broads

29/08/16

5 Days: £399

Norfolk is a unique area of Britain with the Broads, open expanses of water often linked to rivers. Great Yarmouth is our base and is one of Britain's premier resorts!

We will be staying at the 3 star Burlington Hotel located on the seafront with extensive facilities, including a swimming pool, steam room, bar and sumptuous dining and a sun deck.

North Devon & Exmoor

09/09/16

4 Days: £279

Enjoy Ilfracombe's pictureque harbour and the North Devon coast!

Ilfracombe has a picturesque harbour along with narrow streets and the North Devon coast which is renowned for its unique character and spectacular scenery.

We will be staying at The Ilfracombe Carlton Hotel based in the heart of Ilfracombe with a classic feel with all modern conveniences.

North Yorkshire Treasures Includes Moors and Dales

01/09/16

5 Days: £379

Includes Auckland Castle,
 River Cruise and North Yorkshire Moors Railway

Enjoy great scenery and an added attraction each day whilst in resort. Our hotel is 4 star with great leisure facilities. We will be staying at the 4 star Middlesbrough Hotel which has plenty of relaxing facilities including a Pool, Steam room, Gym and Jacuzzi.

Beautiful Brittany

11/09/16

6 Days: £559

Everything about Brittany is distinctive, from its geography to its traditions and language. Famous for its fabulous beaches, our hotel in Fouesnant is spectacularly situated right on the sea front (and the sun rise in the morning is amazing!) Brittany also boasts the most striking of medieval walled towns.

Our hotel for this 6 day tour is the 3 star Cap Coz Mona Lisa Hotel situated in a quiet location overlooking the sea.

The Lake District & Yorkshire Dales Grange-over-Sands

04/09/16

6 Days: £439

Lovely Grange-over-Sands is often called the "Riviera of the North" due to its warm spring temperatures. Delightfully positioned, the town's long promenade affords excellent views.

For this 6 day tour we will be staying at The Cumbria Grand Hotel set in 20 acres of private gardens and woodland with views overlooking the bay.

Popular musical makes a return

AFTER bursting on to the scene 10-and-a-half years ago, the popular show 'High School Musical' is back.

Performed by actors and actresses from RARE Productions - one of the UK's leading youth theatre companies - the likes of Troy Bolton, Gabriella Montez and twins Sharpay and Ryan Evans will be brought back to life when the musical makes it way to The Haymarket in Basingstoke from Thursday, July 28, to Saturday, July 30. And with RARE coming to Basingstoke following a sell-out show at Newbury's Corn Exchange three weeks ago, musical director David Thomson said: "It is always very satisfying to all of us at RARE to see the enthusiasm and talent of our young people."

"We are very proud of our casts and it is really great to see them enjoying performing on stage."

A product of the Disney franchise, 'High School Musical' is set at East High School and follows Troy, captain of the basketball team and the school's most popular student.

After developing feelings for Gabriella Montez, a newly-arrived and very academic student, the pair decide to audition for the school's winter musical.

However, drama student Sharpay

By **James Richings**

Evans and her twin brother Ryan see them as competition for roles they had assumed were theirs and do everything they can to sabotage the auditions.

The film proved a huge hit in 2006 and the teenage flick is still gaining in popularity.

'High School Musical 2' and 'High

School Musical 3' were released in 2007 and 2008 respectively and a fourth movie is in production.

With the franchise grossing an estimated \$250million, David insisted that the performers in Basingstoke would stick to the original storyline.

"They will see a fast-moving, exciting musical performed by a group of talented and enthusiastic local young people," David told the Observer.

"The Disney franchise comprises a number of films.

"The on-stage musical includes songs from all the films and is still a part of the Disney franchise and we do not adapt or amend. We perform the official Disney on-stage musical."

RARE partner Andrew Burton said: "We are really pleased to be back at the Corn Exchange for this, our second production at the theatre."

"We had a large number of local young people auditioning for this production and we are all very impressed with the quality of those that we saw."

He added: "We look forward to continuing our relationship for many years to come."

Tickets cost £15 full price and £13 for over-65s, under-16s and full-time students. Call 01256 844244.

Dragon Dotty aims to see the world...

IF you see a baby dragon in Basingstoke, don't be alarmed as she's perfectly harmless.

That's because the family-fun production of 'Dotty the Dragon' is making its way to the Basing House venue in The Street on Wednesday, July 27.

Created, produced and performed by Nottinghamshire-based children's theatre company Blunderbus, the production focuses on Dotty, a baby dragon who lives at the top of the castle

By James Richings

in a very 'grey' and 'dysfunctional' village.

However, Dotty's dad, who is grumpy but caring, is reluctant to let Dotty go into the village.

But, after becoming incredibly frustrated about living at the top of the castle, Dotty escapes to experience life in the village.

But will she make any friends? Will her dad have to save her? Will the villagers welcome her with open arms?

Blunderbus' education and outreach director Simon Sanchez believes the storyline and outcome will be a huge hit with the Old Basing audience.

"We wanted to produce a show

with life, lots of fun, different puppets and something that every family can enjoy," Simon revealed.

"The characters are all big and physical and it was very important to include lots of comedy in there for the whole family, but we wanted to have a story with lots of heart otherwise it won't be same.

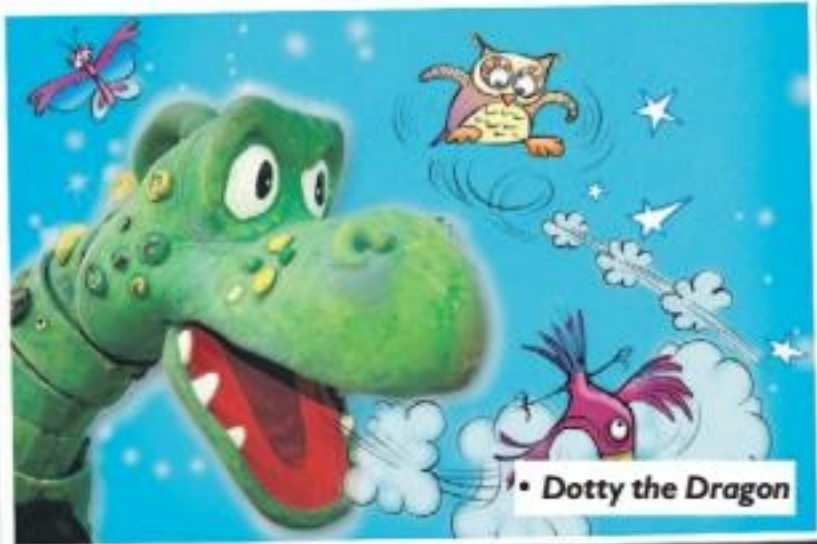

"This is also a full-length theatrical production where we have four actors playing different roles but we add the puppets during the production.

"And there is something about shared experiences as a family that I find really important and that's what this show will bring."

He continued: "We want the family to go away with a positive shared experience that the children, parents, grandparents and so on will laugh, care and maybe cry together.

"So, hopefully, they will leave feeling very uplifted, having experienced a great story."

The show is suitable for over-threes. Tickets for the performance cost £10, and it starts at 2pm.

Bluehayz plays pub gig

SINCE 2010, Yateley covers band Bluehayz has been entertaining many locals in pubs and bars all over the south of England.

And on Saturday, July 23, they can add The White Hart in Basingstoke to the list as the five friends in Ed Dowthwaite (bass and vocals), Ken Bannister (guitar and vocals), Dave Raphael (keyboard, harmonica and vocals), Dave Halls (guitar and vocals) and Terry Hotston (drums) hope they can bring people together with their

renditions of popular pop, rock and soul tunes from years gone by.

"We hope to play well and hopefully the audience will enjoy themselves," Ed told the Observer.

"The response we get from the audience is incredible and the bond it creates is very special.

"And it's very important for youngsters to watch live music as I got into music from watching the local band perform at my old school."

The free gig starts at 9pm.

- Upper face wrinkle reduction, eg. bunny lines, eyebrow lift, and softening frown, forehead and eyelines.
- Lower face wrinkle reduction, eg. Nefertiti neck lift, chin contouring, jaw shaping.
- Fillers e.g. smile lines, lip sculpturing, cheek sculpturing

We believe that the best results should not be too obvious, gently erasing some signs of ageing, so you look more rested, that just got back from a good holiday look!

COMEDY NIGHT: PHIL JERROD AND JOHN GORDILLO

Phil Jerrod began his stand-up career underneath an Angus Steakhouse in 2012. Since then he has failed his PhD, walked out of his job in publishing and been entertaining audiences up and down the country with his elegant rants on the often unfathomable problems of modern life.

His innovative stream-of-consciousness style, inspired by a harsh upbringing in the cruel and unforgiving conditions of middle-class rural Warwickshire, has seen him perform in clubs, arts centres and theatres all across the UK and helped build his reputation as having grown one of the largest beards in stand-up comedy. He has recently been nominated for the Leicester Mercury Comedian of the Year Award 2014, and in 2013 was a semi-finalist in So You Think You're Funny New Act of the Year Competition and a quarter finalist in the Amused Moose Laugh Off.

John Gordillo is a Perrier Award-nominated English director and Comedian who has directed shows by the Comedian Eddie Izzard and was the host and co-creator of The RDA (Recommended Daily Allowance), a daily late-night topical comedy talk show, which played heavily with the conventions of the genre. The show ran for 60 episodes until BBC Choice was rebranded as BBC Three.

Gordillo returned to stand up in 2006, taking three critically successful solo shows to the Edinburgh festival in 07, 08 and 09. He has written and directed extensively for TV and live comedy, including a long partnership with US comedian Reginald D Hunter with whom, according to Gordillo's website, he is writing and producing an independent film.

REVEREND PEYTON'S BIG DAMN BAND

The Rev. Peyton's Big Damn Band has always been strong on authenticity, playing music that blends blues, ragtime, folk, country and other traditional styles with the sleek modern energy of do-it-yourself, homespun, punk fueled rock. And performing tunes plucked from their lives, their community or from the canonical songbook that fed the Rev. Peyton's formative creative identity. It's a mix that's allowed the band to win fans from all corners of the Americana and rock worlds, and bring a new generation to blues and other forms of American roots music.

RACE

This is the extraordinary story of how Jesse Owens, a poor African American from Cleveland, Ohio, became a quadruple-gold medal winner at Hitler's infamous 1936 Berlin Olympics. Coach Larry Snyder (Jason Sudeikis) pushes Owens (Stephan James) towards the Games, despite the racism Owens will face at home as well as in Europe. The resulting political and personal struggles infuse a movie that is both emotionally compelling and visually thrilling.

Full steam ahead for Didcot Railway Centre

Now recognised as being one of the leading centres of its type, Didcot Railway Centre first opened as a visitor attraction in 1967.

The Railway Centre recreates the golden age of the Great Western Railway with a fine collection of over 20 steam locomotives, many housed in the original engine shed, and a collection of passenger coaches and freight wagons.

The centre now offers a wide range of features for visitors to enjoy as they wander around the site, including the original main building of the 1932 Engine Shed.

Amongst the most popular events are the centre's Steamdays, which provide visitors with a chance to ride in coaches pulled by a restored locomotive.

Summer steamdays, when there will be one or more locomotives in steam for visitors to travel behind, are on all weekends through to 4 September, all Wednesdays from 27 July to 31 August, and Monday 29 August.

For full details, contact Didcot Railway Centre on 01235 817200, or visit the website at www.didcotrailwaycentre.org.uk

Peter Pan In Scarlet

This summer marks the return of the Oxford Playhouse to middle scale producing with the world premiere of the stage adaptation of *Peter Pan in Scarlet*, the best-selling official sequel to JM Barrie's *Peter Pan*, written by Carnegie Medal and three times Whitbread Children's Book Award winner Geraldine McCaughrean.

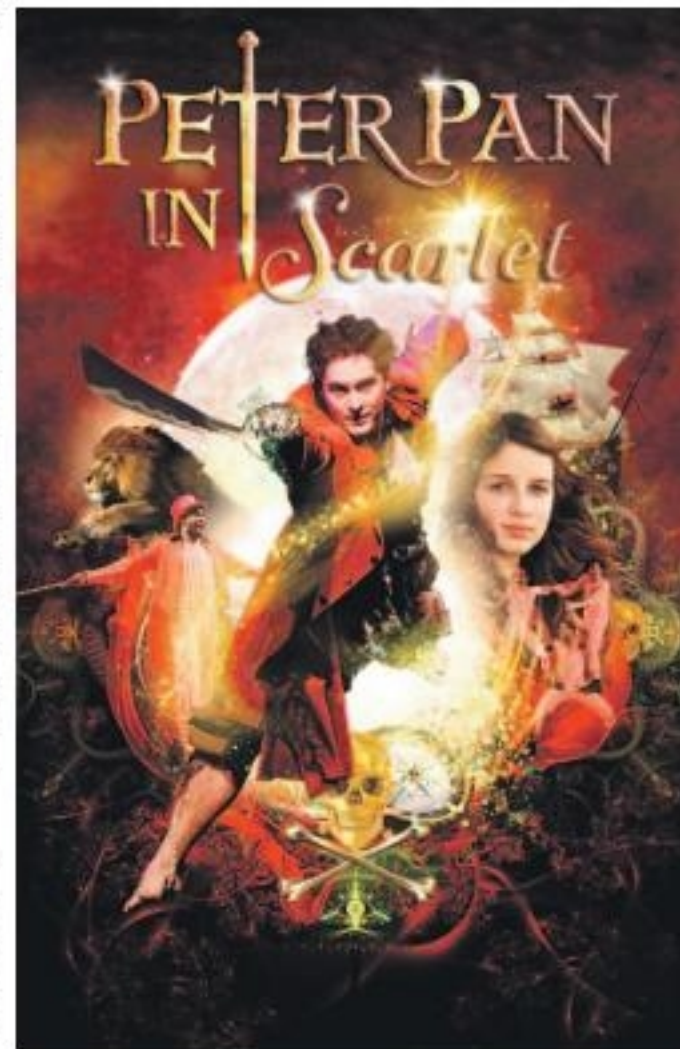

The book was originally commissioned by Great Ormond Street Hospital Children's Charity to whom Barrie gifted all rights to the character and original writings in 1929. The novel will be brought thrillingly to life by director and adapter Theresa Heskins, Artistic Director of the New Vic Theatre, and an award-winning team including Aerial Director, Vicki Amedume, Artistic Director of circus theatre company Upswing, composer and Musical Director, James Atherton and designer Liz Cooke.

It's 1929, and Wendy and the Lost Boys have all grown up when strange dreams begin to spill out of Neverland. When souvenirs of Neverland appear

in their beds – cutlasses, mermaids & war paint – the Lost Boys realise that something must be wrong, and their friend Peter Pan needs their help. Wendy and the Lost Boys squeeze into their own children's clothes, shrink down to their former sizes and, armed only with fairy dust, fly back to Never-

land for one last adventure. There are thrills, spills and much swash-buckling derring-do in this action packed spectacular as Tootles, Slightly, Wendy, John and Peter fight wild animals, quarrel with fairies, climb treacherous mountains and encounter curious characters like Ravello, a circus ringmaster and Fireflyer, the grumpy fairy.

Geraldine McCaughrean has written more than 160 books and her work has been translated into 45 languages worldwide. Her work includes many retellings of classic stories for children including *The Odyssey*, *El Cid*, *The Canterbury Tales* and *Moby Dick*. In 2004, to coincide with Peter Pan's centenary Great Ormond Street Hospital Children's Charity launched a competition to find the author of a sequel. McCaughrean won the competition, after submitting a synopsis and a sample chapter. *Peter Pan in Scarlet* was released internationally on 5 October 2006 and has since been translated into 37 languages in 55 countries. McCaughrean has written many other children's fiction books including *The Kite Rider*, *The White Darkness*, *Plundering Paradise* and *The Middle of Nowhere*. Her historical novels for adults include: *The Maypole*, *Fire's Astonishment*, *Vainglory*, *Lovesong* and *The Ideal Wife*.

New interior and performance praised as the Jaguar XE R-Sport is released by iconic manufacturer

If you want to feel epic, buy one

THIS week's review of the Jaguar XE R-Sport will be very easy to explain, but it will also be a very short review I'm afraid – this is because not only do I like how the XE R-Sport looks, but I also like how it made me feel – and that's epic.

When I road-tested the standard XE model a few months ago, I was astonished by how well and controlled it felt, and I remember praising Jaguar for doing such a brilliant job on the suspension and pretty much the whole car actually.

I have now had the chance to drive the mightier XE R-Sport and I have to say that it feels even more precise and more poised than the standard model. Once again, I am staggered by how controlled the R-Sport feels on the road and, even if I wanted to find something wrong, I doubt that I could because actually it's just too good.

I know I have said this before, but the Jaguar engineers really have done a fantastic job of getting everything right. The XE R-Sport is, in my mind, a proper driver's car.

By **Anthony Yates**

INSIDE AND OUT:

As with all Jaguars, the interior is beautifully made and the detailing lines and appearance is sleek but bold.

The R-Sport is also equipped with modern, lightweight materials inside and the layout is set up really well to help the driver feel at home.

There are also some very good ideas inside and it is these ideas that make the R-Sport stand out in front of all the others.

Inside the cabin, you will find equipment and interior touches such as a DAB digital radio, chrome side power vents, 8" capacitive touch screen, eight-speed automatic transmission with Jaguar sequential shift, intelligent stop/start, torque vectoring by braking (TVBB) and the R-Sport bodykit which makes the XE look even more mean by giving it a very dominating appearance out on the road.

PERFORMANCE:

The R-Sport is fitted with the brilliant 2.0-litre i4 turbocharged diesel engine which was equipped with the intelligent stop/start system to enhance fuel economy.

This 180ps version produces 430Nm of torque and can accelerate from 0 to 60mph in just over seven seconds.

Top speed is also maxed out at 140mph. MPG – well, let's just say that I managed over 50mpg (urban) that's quite staggering!

TO SUM UP:

The XE R-Sport is a brilliant machine that has been built for quality and at a price that won't see you needing to apply for a second mortgage to own one. If you are currently looking for a great car with the ability to make you feel epic, then look no further than the XE R-Sport. This truly is an excellent piece of engineering.

Driver and Vehicle
Licensing Agency

End of the road for your vehicle?

Responsible drivers scrap their vehicles at an
Authorised Treatment Facility (ATF).

Because only an ATF can legally scrap a vehicle.

That means any pollutants will be made safe before it's recycled in an environmentally friendly way.

What's more, for certain types of vehicle you'll get a DVLA approved Certificate of Destruction (CoD). A CoD proves the ATF has told DVLA your vehicle has been scrapped and is no longer your responsibility. www.direct.gov.uk/motoring

Recruitment

Driving Quality Forward

QUALIFIED BUS & COACH DRIVERS

Mortons Travel is a Bus and Coach Company based in North Hampshire and is highly regarded within its industry. As part of our continued strategic growth we are currently recruiting Coach Drivers for our immaculate fleet of modern coaches or dedicated Bus Drivers for our new tadRed 1 service from Baughurst and Tadley to Reading.

We are seeking smart and professional people who are able to demonstrate the highest level of customer service. It is essential that applicants also understand the high standards of professionalism and safety that we set within our business.

Applicants will be required to undertake an initial driving assessment as part of the interview process.

We have both full and part time positions available. In return, as a full time driver you can expect an average of at least 40 hours per week and on target earnings of £33,000 per annum.

If you feel this opportunity to join our team suits your next career move please contact Joanne Morton on 01256 889082 or email joanne@mortonstravel.com. Alternatively apply online at www.mortonstravel.com

Hook on form

CRICKET: Ben Thane's stunning 72 helped Hook and Newnham Basics take a six-wicket victory against Sarisbury Athletic on Saturday.

Sarisbury had been dismissed for 209, with Jordan Hobay, Kevin Poulter, Harry Came and Shane Brewer claiming the wickets.

Opener Thane then posted his 72, while Matt Love (39) and Came (52, not out) also had impressive knocks as they overhauled Sarisbury's total.

It puts Hook third in Division One of the Southern Premier Cricket League with an average points total of 14.44, having closed the gap to Sarisbury in second.

Their next match is away to Portsmouth on Saturday.

Wintney beaten

CRICKET: Hartley Wintney struggled in their match against Calmore Sports on Saturday, as they were beaten by 68 runs.

Calmore had set a target of 236-6 for Wintney to chase, which included a century from Matt Hardy.

But Wintney's batsmen were unable to get going, with Thomas Garwood's 38, Ben Hyde's 37 and Daniel Plume's 27 the only scores of note as they ended up all out for 168.

It puts Wintney seventh in Division Two of the Southern Premier Cricket League, although they do have a sizeable gap to the three teams below them in the standings.

They host Hambledon on Saturday.

First fixtures

FOOTBALL: The opening fixtures for North Hampshire's lower league football teams have been revealed.

Defending champions Hartley Wintney will travel to Farnham Town in the Combined Counties League Premier Division, while Whitchurch United host Amesbury Town in the Wessex Premier League.

And Tadley Calleva will play local rivals Alton away from home in their Wessex League Division One opener.

BANBURY United will be Basingstoke Town's first opponents in the Southern Premier League on August 6.

The Dragons have been given a home tie for their first match in the division, following their relegation from the National League South last season.

Their first away game is against Welsh side Merthyr Town on August 9, with a trip to Somerset to play Frome Town in their Boxing Day clash.

And they will round out the season with a home game against Hitchin Town on April 22.

The announcement of the fixtures came as Basingstoke secured a 6-2 victory against Salisbury FC on Saturday.

By **Adam Flinn**

Salisbury had taken an early lead, but Aaron Redford found the equaliser shortly afterwards with a powerful finish in off the post.

George Hallahan added the second, before Redford made it 3-1 with a penalty into the bottom right corner.

And there was time for Hallahan to add another before half-time, slotting home low to the keeper's right.

Goal number five came through a Richie Whittingham half volley, with Matt Partridge heading home the sixth.

Salisbury managed to get a consolation goal towards the

end, but Basingstoke will have been very happy with their afternoon's work.

And on Tuesday night, just hours after manager Terry Brown was handed a new two-

year contract at the club, Town beat local rivals Alton 3-1, with goals coming courtesy of Joe Gater and an Aaron Jarvis brace after Alton had taken the lead through Curtis Thorn.

Half centuries earn Bountymen another win

BASINGSTOKE and North Hants Cricket Club picked up another win on Saturday as they beat Old Tauntonians and Romsey by two wickets.

The Bountymen overcame Old Tauntonians' total in the 43rd over, reaching 190-8 after they had bowled their opponents out for 186.

Old Tauntonians batted first and got off to a strong start, as openers Richard Lake and Charlie King scored 41 and 57 respectively.

It all went downhill from there however, as none of the remaining nine batsmen were able to get above 20 as Mitch Stokes, Mathew Thankachan and Ryan

Connor rattled off the wickets for Basingstoke.

With Old Tauntonians dismissed for 186, it was Basingstoke's turn to get some runs on the board, and they too managed to make a good start to their innings.

After Daniel Belcher went for 16, Craig Williamson (56) and Stokes (55) both hit half centuries, with the latter achieving his score in just 39 balls.

This put Basingstoke on 131-3, but like Old Tauntonians their middle order struggled and again no-one else could get above 20.

But Stokes and Williamson had done enough early on in the

match and Basingstoke eventually limped over the line on 190-8 to claim victory.

The result puts Basingstoke

fifth in Division One of the Southern Premier Cricket League, with their next match away to Andover on Saturday.

Bison are buzzing after signing Bees star Turner

BRITISH defenceman Lewis Turner has been announced as the latest signing by Basingstoke Bison, after joining the Herd from rivals Bracknell Bees.

Turner joins the Bison for the first time, having played with the Bees for his entire English Premier Ice Hockey League career up until now.

The 23-year-old was rated the Bees' best British blue liner last season, having made 222 appearances since making his debut back in 2011/12.

Last season he collected nine assists from 42 games, while picking up 70 minutes in penalties.

"I am no goal scorer, I am not looking for glory," said Turner.

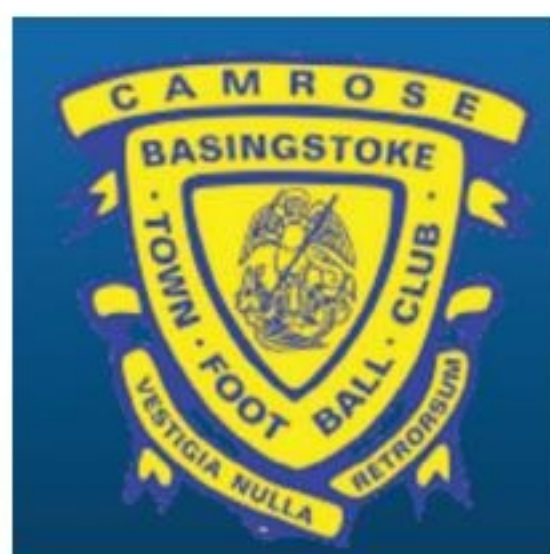

"I like the physical side of the game and my job is to stop the forwards scoring - that is what I do well.

"I'm really looking forward to learning from Kurt Reynolds and Joe Baird - I like the look of the team Bison have and I feel we have a great chance of winning some trophies this season." Bison head coach Doug Shep-

pard was pleased with his new signing, and added: "Lewis is a young player who is going to add even more depth to our line-up.

"He brings something different to the team and will be a good fit in the locker room.

"The advantage of having six solid defencemen will hopefully mean we can cope with injuries during the season."

Late tee time sees golfer face worst of Troon weather ROSE RUES LUCK AFTER OPEN RAIN

JUSTIN Rose was left cursing his luck with the weather after he finished in a tie for 22nd at The Open Championship at Royal Troon over the weekend.

The North Hampshire golfer finished one over par for the championship, a whopping 21 shots behind winner Henrik Stenson.

The damage was done during the second round on Friday, when Rose's afternoon tee time meant he faced the worst of the wind and rain on the Ayrshire coast.

He carded a six over par 77 as a result, having been three under following the first day of play.

Rose made a consistent start on Thursday, picking up two birdies and one bogey on the front nine before birdieing the 15th and 16th on the way back for a 68.

However the birdie-free 77 on Friday effectively ruined his tournament.

A bogey at the first was followed by an ugly triple bogey on

By Adam Flinn

the fourth, while another bogey came at the ninth.

The back nine was much smoother with eight pars in a row, before a double bogey at the 18th made the round even worse, leaving Rose in danger of missing the cut.

Fortunately for the former US Open champion the weather meant that all the players out on the course were struggling, pushing the cut mark down to four over par and getting Rose into the weekend.

Saturday saw a much improved start with three consecutive birdies on five, six and seven, before a bogey on eight undid some of the hard work.

Another birdie on 13 followed, but another double bogey on 16 pushed him back to one under for the day.

Out of contention on Sunday, Rose carded three birdies and two bogeys on his round for a second successive 70, complet-

ing the tournament in 285 blows.

"Summing it up, I would say I played well," said Rose.

"I'm back to full health, which is the exciting part for me, and there were lots of good signs.

"I felt as if I played a lot better than the way it turned out for me, so as a player, you can take a lot of confidence from that."

Stenson won the Open - and his first major - with a stunning final round 63 to end on a record breaking 20 under par.

He was involved in a gripping duel with American Phil Mickelson, who after having kept up with Stenson for most of the round slipped to three behind by the final hole.

The two were in a class of their own, as third-placed JB Holmes was a mammoth 11 shots behind Mickelson and 14 adrift of Stenson.

The final major of the year - the PGA Championship - takes place at the Baltusrol Golf Club in New Jersey from July 28 to 31.

Rose will make his Olympic debut for Team GB next month.
